

WINNARD

WEB SITE UPDATE - HIDE SCREEN PRICES

We have been asked by a number Of customers if it would be possible to have the option to remove pricing from our web site so that the screen can be shown to the end user customer when trying to help with product identification.

Therefore, we have made a change to our web site so that the prices can be hidden.

To do this simply click on the the "Unit Price" above the prices to hide / reveal the pricing details.

The screenshot shows the Winnard website interface. The top navigation bar includes links for NEWS, PRODUCTS, VEHICLES, CATALOGUE, DOWNLOADS, CONTACT, and ABOUT US. Below the navigation bar, there are links for Terms & Conditions, Sign Out, Admin Panel, and Your Basket (0). The main content area displays the product MNE1065, which is a heavy-duty metal flange. A large image of the part is shown, along with a smaller thumbnail image. To the right of the image, the location is listed as Rotherham, UK, and the status is In Stock. Below this, a table shows the quantity and unit price for different order quantities. The unit price is currently hidden, indicated by 'XX.XX'. A red box highlights the 'Unit Price' label, and a red line points to it from the text above. Below the table, there is an 'Add to Basket' button. To the left of the product image, there are two small thumbnail images. Below the product image, there is a 'Notes' section stating that MNE1065 is now made to the heavy duty specification with thicker discs faces and increased weight. Below the notes, there is a 'Specification' table with the following details:

Specification	
(A) DIAMETER:	430 (16.929")
(B) THICKNESS:	45 (1.77")
(B) MINIMUM THICKNESS:	37 (1.457")
(C) REGISTER:	211 (8.307")
(D) HEIGHT:	132.5 (5.217")

To the right of the specification table, there is a 'Related Parts' section with two items: FER0004 and HUB0017NB, each with a small image and a link to the product page.
