

# WINNARD

## COMPUTER ISSUES

Please note that we cannot access our internal Order Processing System due to the Global IT issue currently being experienced.

This means we will not be able to:

1. Send order confirmations
2. Create an official delivery notes
3. Send invoices

All orders will still be processed and shipped out manually.

Official documentation will follow once we are back online.

Should you have any questions please contact us.

We apologise for this inconvenience.

Thank you for your continued support.

The Winnard Team.
